CONFERRING ON CUBA

The President is Trying to Straighten
the Tangle in His Party—Other
News of the National Capital.

Washington, March 25.—Several
leaders of the disaffected element in
the House have been summoned to
the White House to confer with the
President in a further attempt to har-
monize the conflict over the question
of Cuban reciprocity.

The President is extremely anxious
to settle the matter as soon as possi-
ble.

The river and harbor bill, as it
came from the House, was taken up
by the Senate and referred to the
committee on commerce. The hear-
ing on this bill, in committee, will
consume the remainder of the week.

The House refused to concur in the
Senate amendments to the bill repeal-
ing the war taxes. The bill was sent
to a conference. A similar course
was taken on the legislative, execu-
tive and judicial bill.

It is understood that the resigna-
tion of Minister Storer, as minister to
Spain, has been tendered to Roose-
velt. Storer desires to make a
change on account of personal rea-
sons.

The House commerce committee re-
ported favorably the Hepburn pure
food bill. The bill is intended to pre-
vent the adulteration of foods and to
regulate interstate traffic in such
goods.

General E. S. Otis has passed the
age limit and was today placed on the
retired list of the army. He will make
his home in Rochester, N. Y.

A BUSTED TRUST

New York, March 25.—A petition

court, asking that the Crude Rubber
Company be declared an involuntary
bankrupt. Three banks of this city
are the petitioners. The liabilities of
the company are said to exceed
\$3,000,000.

BY SPECIAL REQUEST

Dr. Goldstein will Return to this City
Tomorrow and Be at the Ocala
House March 27, 28 and 29

Dr. G. Goldstein, of Louisville, who
is known by the people of Ocala and
vicinity, will be here tomorrow, and
remain a few days only, and will fit
glasses to the eyes of all who need
them.

He has made the study of optics a
specialty, and any one in need of
glasses cannot do better than give
him a call. Parents of children
whose eyes are in any way affected
should take them to Dr. Goldstein
and have them examined. Too much
care cannot be taken in this particu-
lar, as any neglect on the part of the
parents may lead to most serious
consequences in after life. If the
eyes of the child need glasses the
Doctor can determine it and adjust
such glasses as will be most apt to
preserve and increase their strength.
The Doctor has been giving satisfac-
tion for many years, and we can re-
commend him as worthy the patron-
age of the public. Those suffering
with their eyes should call on him
and if he don't give relief it will not
cost them anything. He can adjust
to any eyes and any age. A good
glass rightly adjusted is a luxury to
a person with failing sight they can
ill afford to do without. A glass im-
perfectly adjusted is worse than no
glass. Office hours from 10 a. m. to
3 p. m. at Ocala House.

HOW TO CURE THE GRIP

Remain quietly at home and take
Chamberlain's Cough Remedy as di-
rected and a quick recovery is sure to
follow. That remedy counteracts
any tendency of the grip to result in
pneumonia, which is really the only
serious danger. Among the tens of
thousands who have used it for the
grip, not one case has ever been re-
ported that did not recover. For sale
by Anti-Monopoly Drugstore.

AN ACTOR'S FORTUNE

Alba Heywood, Well Known in Ocala,
Hit the Greasy in the Texas
Oil Fields

Most of our people, especially the
theater-goers, will remember Alba
Heywood, the fine looking actor, who
has visited Ocala two or three times
with his excellent company. Well, he
has three brothers and all were en-
gaged in the show business. They
had a little money laid up and when
the oil fever broke out at Beaumont,
Alba sent another brother there to in-
vestigate and invest if he saw fit, and
Alba stuck to the show a little longer
to see how finances would go. They
soon struck a "good thing" and all
congregated at Beaumont and formed
a stock company which has paid prob-
ably as much clear money as any of
the companies there, for today the
Heywood brothers are each just a
million dollars ahead. C. C. Todd, of
this city, invested a little with them
and the shares doubled themselves in
the first year, 25 per cent. dividends
every three months.

DANGER OF COLDS AND LA GRIPPE

The greatest danger from colds
and la grippe is their resulting in
pneumonia. If reasonable care is
used, however, and Chamberlain's
Cough Remedy taken, all danger will
be avoided. Among the tens of
thousands who have used this reme-
dy for these diseases, we have yet to
learn of a single case having result-
ed in pneumonia, which shows con-
clusively that it is a certain preven-
tive of that dangerous malady. It
will cure a cold or an attack of la
grippe in less time than any other
treatment. It is pleasant and safe to
take. For sale by Anti-Monopoly
Drugstore.
